

## **APROC Conversation**

January 8, 2016

In Attendance: Dennis, Kevin, Christina, Rosa, Jen, Kate, JS, Sharon

- 1) Confusion about meeting date today. We need to finalize the winter meeting schedule. Anne will be sending her availability to Jen so she can try to help get dates firmed up.
- 2) Scholarship of teaching & Learning Monday Conversations – see handout  
APROC members support having Program Review be a focus for one of the conversations. Dennis will take the lead.
- 3) Accreditation Response: Please add any comments to the google doc by Sunday night.

- 4) It would be useful to have a resource for APROC members to see concretely what each review team is doing.
- 5) Updates:
  - Physics and ALS have defined their questions
  - PTA has started to identify questions
  - CIT has decided how to organize their work between networking and programming. Issue with networking faculty having time to do the work. Need to consider if it is okay for the work to continue into the summer.
- 6) Please be sure to send finalized questions for consideration to Anne so that she can forward them on to the AMTs.

Ask Anne to keep a list of questions that are being drafted share with other APROC members so that they can see what is being generated. Distinguish these from final questions submitted to AMT.
