

# Science Division Safety Training Requirements by Position

**All Science Division employees working onsite** at the college must:

- complete the custom Vector LMS course **Science Division Safety Orientation – Emergency Procedures** (*39 min*) within the **first two weeks** of employment
- attend an in-person **safety orientation** with the Chemical Hygiene Officer preferably **before or at the start of onsite work**.

**Additional required training by position** is assigned through Vector LMS as follows and should be completed within the **first two months** of employment:

## **Faculty**

### **Anatomy & Physiology, Microbiology**

- Science Division Safety Orientation Part 2 for Life Science Staff (*21 min*)

### **Biology**

- Science Division Safety Orientation Part 2 for Life Science Staff (*21 min*)

### **Chemistry**

- Science Division Safety Orientation Part 2 for Chemistry Staff (*35 min*)
- Science Division Safety Orientation Part 3 for Chemistry Staff (*18 min*)
- Science Division Safety Orientation Part 4 for Chemistry Staff (*24 min*)

### **Earth & Environmental Science**

- No additional requirements

### **Physics / Astronomy**

- No additional requirements

## **Classified Staff**

### **Administrative Staff**

- No additional requirements

**Earth & Environmental Sciences and Physics Stockroom Staff**

- Science Division Safety Orientation – Hazardous Waste Management in a Satellite Accumulation Area (29 min)
- Ladder Safety (21 min)
- Electrical Safety (25 min)
- Compressed Gas Safety (15 min)

**Life Sciences Stockroom Staff**

- Science Division Safety Orientation Part 2 for Chemistry Staff (35 min)
- Science Division Safety Orientation Part 3 for Chemistry Staff (11 min)
- Science Division Safety Orientation Part 4 for Chemistry Staff (17 min)
- Science Division Safety Orientation – Hazardous Waste Management in a Satellite Accumulation Area (29 min)
- Electrical Safety (25 min)
- Ladder Safety (21 min)
- Workplace Injury Prevention (20 min)
- Accident Investigation (25 min)

**Physical Sciences Stockroom Staff**

- Science Division Safety Orientation Part 2 for Chemistry Staff (35 min)
- Science Division Safety Orientation Part 3 for Chemistry Staff (18 min)
- Science Division Safety Orientation Part 4 for Chemistry Staff (24 min)
- Science Division Safety Orientation – Hazardous Waste Management in a Satellite Accumulation Area (29 min)
- Electrical Safety (25 min)
- Ladder Safety (21 min)
- Compressed Gas Safety (15 min)
- Workplace Injury Prevention (20 min)
- Accident Investigation (25 min)

**Dean of Science Division**

- Science Division Safety Orientation Part 2 for Life Science Staff (21 min)
- Science Division Safety Orientation Part 2 for Chemistry Staff (35 min)
- Science Division Safety Orientation Part 3 for Chemistry Staff (18 min)
- Science Division Safety Orientation Part 4 for Chemistry Staff (24 min)
- Science Division Safety Orientation – Hazardous Waste Management in a Satellite Accumulation Area (29 min)
- Electrical Safety (25 min)

- Compressed Gas Safety (15 min)
- Workplace Injury Prevention (20 min)
- Accident Investigation (25 min)

## **Student Workers**

### **Earth & Environmental Sciences Stockroom Student Workers**

- Ladder Safety (21 min)
- Electrical Safety (25 min)

### **Life Sciences Stockroom Student Workers**

- Science Division Safety Orientation Part 2 for Life Science Staff (21 min)
- Ladder Safety (21 min)
- Electrical Safety (25 min)

### **Physical Sciences Stockroom Student Workers**

- Science Division Safety Orientation Part 3 for Chemistry Staff (18 min)
- Ladder Safety (21 min)
- Electrical Safety (25 min)
