1 - Under Delta Dental Plans 1 and 5, benefits start at 70% the first plan year then increase by 10% each plan year (up to a maximum of 100%) provided the individual has visited the dentist at least once during the previous plan year. Switching between incentive plans (1 or 5) and other non-incentive plans will have an effect on benefit level.

2 - Services performed by providers outside the limited network are not covered unless for a dental emergency.

3 - Office visit copayment applies at each visit, in addition to any plan copayments for services.

4 - Preventive care and orthodontia do not accrue to this maximum.

5 - Dental implant-support prosthetics (crowns, bridges, and dentures) are not a covered benefit under the Willamette Dental Group plan.

6 - Preventive services will not accrue towards the plan benefit maximum.

**This document is for comparison purposes only and is not intended to fully describe the benefits of each plan. The full benefits of each plan are described in the member handbooks. In the case of a conflict between this comparison and the member handbook, the member handbook will prevail.**
