

The Economic Value of Lane Community College

Lane Community College (Lane) creates a significant positive impact on the business community and generates a return on investment to its major stakeholder groups—students, taxpayers, and society. Using a two-pronged approach that involves an economic impact analysis and an investment analysis, this study calculates the benefits received by each of these groups. Results of the analysis reflect fiscal year (FY) 2021-22.

Economic impact analysis

In FY 2021-22, Lane added **\$674.6 million** in income to the Lane Service District economy, a value approximately equal to **3.3%** of the region's total gross regional product (GRP). Expressed in terms of jobs, Lane's impact supported **8,898 jobs**. For perspective, the activities of Lane and its students support **one out of every 24 jobs** in the Lane Service District.

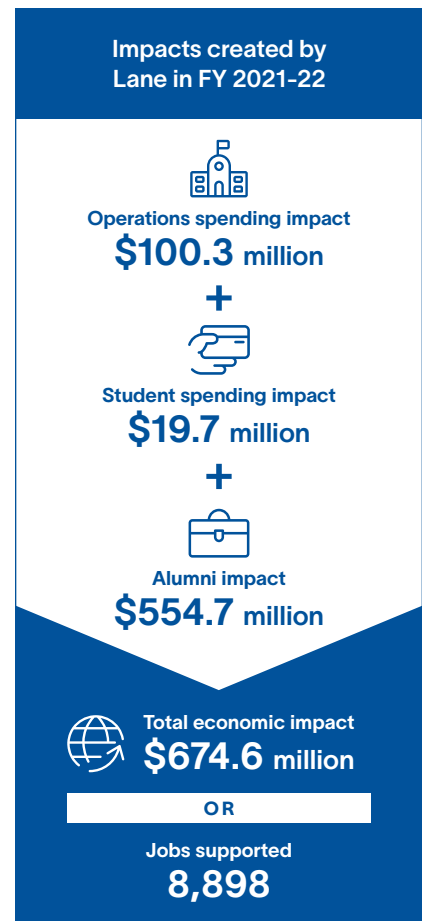

Operations spending impact

- Lane employed 890 full-time and part-time faculty and staff. Payroll amounted to \$83.5 million, much of which was spent in the region for groceries, mortgage and rent payments, dining out, and other household expenses. The college spent another \$50.4 million on day-to-day expenses related to facilities, supplies, and professional services.
- The net impact of the college's operations spending added **\$100.3 million** in income to the regional economy in FY 2021-22.

Student spending impact

- Around 15% of students attending Lane originated from outside the region. Some of these students relocated to the Lane Service District. In addition, some in-region students, referred to as retained students, would have left the Lane Service District

* For the purposes of this analysis, the Lane Service District is comprised of the following 46 zip codes in Benton, Klamath, Lane, Lincoln, and Linn Counties: 97324, 97390, 97401, 97402, 97403, 97404, 97405, 97408, 97409, 97412, 97413, 97419, 97424, 97426, 97427, 97430, 97431, 97434, 97437, 97438, 97439, 97440, 97446, 97448, 97451, 97452, 97453, 97454, 97455, 97456, 97461, 97463, 97472, 97475, 97477, 97478, 97480, 97482, 97487, 97488, 97489, 97490, 97492, 97493, 97498, and 97733.

for other educational opportunities if not for Lane. These relocated and retained students spent money on groceries, mortgage and rent payments, and other living expenses at regional businesses.

- The expenditures of relocated and retained students in FY 2021-22 added **\$19.7 million** in income to the Lane Service District economy.

Alumni impact

- Over the years, students have studied at Lane and entered or re-entered the workforce with newly-acquired knowledge and skills. Today, hundreds of thousands of these former students are employed in the Lane Service District.
- The net impact of Lane’s former students currently employed in the regional workforce amounted to **\$554.7 million** in added income in FY 2021-22.

Investment analysis

Student perspective

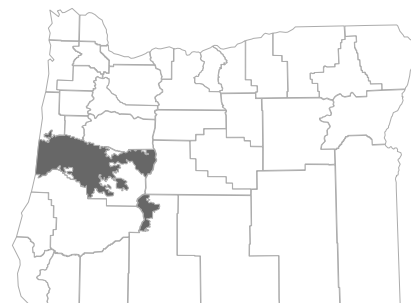

- Lane’s FY 2021-22 students paid a present value of **\$37 million** to cover the cost of tuition, fees, supplies, and interest on student loans. They also forwent **\$9.2 million** in money that they would have earned had they been working instead of attending college.
- In return for their investment, students will receive a cumulative present value of **\$223.1 million** in increased earnings over their working lives. This translates to a return of **\$4.80** in higher future earnings for every dollar students invest in their education. Students’ average annual rate of return is **18.4%**.

Taxpayer perspective

- Taxpayers provided Lane with **\$84.2 million** of funding in FY 2021-22. In return, they will benefit from added tax revenue, stemming from students’ higher lifetime earnings and increased business output, amounting to **\$82.8 million**. A reduced demand for government-funded services in Oregon will add another **\$7.9 million** in benefits to taxpayers.
- For every dollar of public money invested in Lane, taxpayers will receive **\$1.10** in return, over the course of students’ working lives. The average annual rate of return for taxpayers is **0.6%**.

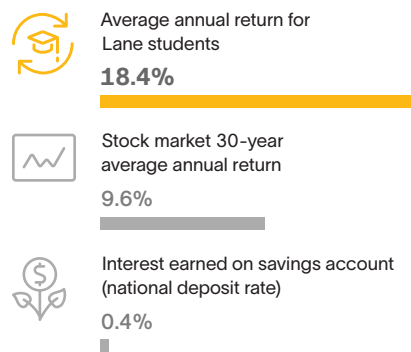

Social perspective

- In FY 2021-22, Oregon invested **\$150.1 million** to support Lane. In turn, the Oregon economy will grow by **\$852.2 million**, over the course of students’ working lives. Society will also benefit from **\$18.5 million** of public and private sector savings.
- For every dollar invested in Lane in FY 2021-22, people in Oregon will receive **\$5.80** in return, for as long as Lane’s FY 2021-22 students remain active in the state workforce.
