

Take French 101 online winter term!

Learn to communicate in everyday situations and express basic needs in French from the convenience of your home or office. Access your textbook, video, practice exercises, quizzes, and writing assignments, as well as communicating with your classmates and instructor in a fully online format.

French 101 is the first course in a three course sequence. Completion of FR 101 and 102 fulfills the language requirement for transfer to a four-year college.

One term of French fulfills the language prerequisite for Lane's summer study abroad program in France!
