

# SAFER CAMPUS

Lane Community College, Department of Public Safety  
In Service to Higher Education

Issue: 6 Volume: 6

## RECRUIT OFFICER TRAINING

During the next two months new officer candidates and cadets will be highly visible on Lane's main campus. These individuals will be engaged in training including: scenario training in and outside of buildings and highly visible traffic stop training on the campuses roadways and parking lots. The training will be a part of the Public Safety Academy. Lane Community College Department of Public Safety will be welcoming seven new members to the Public Safety team, once they successfully complete the six week academy. Five new officers and two new cadets will attend the six week long course.

The Lane Community College Public Safety Academy consists of Oregon Traffic and Criminal law, ethics, incident command, emergency vehicle operations, first aid and CPR, COPPs , lectures, defensive tactics, role-play scenarios in Titan Court, Blood Borne pathogens, risk management, and much more.

Upon completion of the academy each individual will take a 150 question examination. Officers and Cadets (not Jr. Cadets) will be then taken into the field for an additional 5 weeks of individualized training with a Field Training Officer (FTO).

The FTO will watch, and take note of each candidate's work as they employ the training and skills they have acquired to perform Public Safety work under supervision. FTO's will provide *daily, written and verbal feedback and critique* on each officer's performance. Upon successful completion of field training, regular officers will then be allowed to work solo and cadets will always work the main campus.

To become an Officer at Lane Community College you must have a year of experience in a law enforcement related field, have a high school diploma or the equivalency of one, and be over 18 years old. These are the minimum qualifications. Candidates are then interviewed, and assessed a written protocol/written test. If the candidate is successful in this phase, a drug screen and physical assessment are conducted while a comprehensive (one investigator assigned, usually lasts for several weeks) background investigation is conducted. This investigating includes, electronic fingerprints for the FBI and OSP and extensive interviews with the candidate and known family/associates.

To become a Cadet at Lane Community College you must be enrolled in the Criminal Justice program through LCC and have a recommendation from select faculty members. Other qualifications include the minimum age of 18 years, and have a high school diploma or the equivalency. The prospective candidates must also qualify through an oral interview and protocol/written test, drug screen, and physical assessment.

# SHOWING RESPECT TO THE FALLEN

ARTICLE BY CORPORAL R. WILLIAMS

## "In Service to Mankind"

On May 3rd, 2016, Cpl. B. Bower, Jr. Cadet A. Wilson, and Corporal R. Williams travelled to the Department of Public Safety Standards and Training (DPSST) headquarters in Salem, Oregon for its annual Memorial Ceremony. This memorial ceremony is intended to honor the Oregon Officers, Deputies, Marshals, and Jailers who have been killed in the line of duty.

The ceremony itself is centered around a large granite wall with the names of every individual and the words "In Service to Mankind" inscribed on its face. Since Oregon's inception there have been 182 such deaths recorded on the wall. It was a sobering thought to consider that these were 182 individuals-husbands and wives, mothers and fathers, sons and daughters- that were taken from their families in their service to mankind. Three honor cadets from the current academy classes were selected to read each name individually. Although some officers were killed as far back as the 1860's it was amazing to see that they will never be forgotten.

This year Deputy Gil Datan's name was added to the memorial wall. Deputy Datan was a member of the Coos County Sheriff's Office who was killed in an ATV crash last year while patrolling area timber lands. Next year Sgt. Jason Goodding of the Seaside Police Department will be honored in the ceremony.

The thing that stood out most to me this year was the law enforcement representatives from outside the state of Oregon. I observed personnel from the Royal Canadian Mounted Police (RCMP) and the New York City Police Department (NYPD). It was an amazing honor to travel to this ceremony and represent our agency.

## Deputy Sheriff Gil C. Datan

Coos County Sheriff's Office, Oregon

End of Watch: Monday, April 20, 2015

(continued from page 2) Once Cadets complete all requirements for selection and training, as all officers must do, they are observed for more than 3 months, after which time they have the opportunity to become part-time officers and the experience requirement is waived.

To become a Junior Cadet at Lane Community College the candidate must be over 15 years old and have parental consent. The role of a Junior Cadet is to perform community service, while gaining experience in the law enforcement field. Junior Cadets may not enforce laws or participate in any regular patrol activity, except as observers. The Junior Cadet program is a newer program and began in 2013. The training and selection of officers ensures only the most qualified candidates for Lane Community College Public Safety.

## OFFICERS YOU SHOULD KNOW

Recruit Officer Alexander Dean was originally born in southern California and raised primarily in the Phoenix Arizona area. Dean's family moved to Oregon where Dean successfully graduated Summit High School. Dean Attended Central Oregon Community College and is currently pursuing his bachelor's degree at the University of Oregon.

Dean has previous law enforcement experience at Pepperdine University Department of Public Safety, Bend Police Department, and the University of Oregon Police Department.

Dean said that he is interested in law enforcement because he likes to help people and wants to have a career where he can see the rewards of those efforts. Dean said his favorite part of working on a college campus is being able to help his fellow students. Dean's long term goal is to become a sworn officer with the Bend Police Department assigned to a SWAT team or narcotics task force. In his free time, Dean enjoys playing tennis, working out, and spending time on the range.

Officer facilitated exchange of information between parties.</li></ul>

## Health Tip

Article by Cpl. Miller

Who needs a gym when you work on Campus? All a person needs is motivation and imagination. Main Campus has so many opportunities to get in a good work out, switch up your routine, get you outdoors and make your fitness routine exciting again. Here are just a few suggestions:

### 1. Go for a walk.

There are plenty of places to walk. Inner Campus, the blue track, the sawdust track, the options for walking go on and on. Here's a map found on one of lanes sub-web pages of a few more walking suggestions. <https://www.lanecc.edu/wellness/lcc-walking-jogging-routes>

2. Intensify your cardio. Run/Jog up the side of the soccer bowls, run up the stair in the soccer bowl, run/jog the blue track or sawdust track. Ditch the elevators and take the stairs.

3. Don't want to go outside? Go to the locker room. Use the treadmill, exercise balls, weights. Go back to the basics. Push-ups, Sit-up and squats, they all do amazing things on a routine basis.

Your feedback is valuable! I encourage suggestions, and welcome questions and comments. Please, feel free to send an email to: [wiliamsra@lanecc.edu](mailto:wiliamsra@lanecc.edu).
